

Mr D. A. & Mrs E. A. Horsefield,

10th May 2019.

Dear Sir

Re South Warrington Urban Extension proposals, my wife and I strongly oppose the proposed development on such a massive scale. Our reasons have been outlined by many other opponents to the scheme but our main objections are C1, loss of green belt land after the developments C2, much more traffic on our already overcrowded roads and C11, a lack of health care facilities to cope with a increase in numbers.

Please thank you.

Yours faithfully
