PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

| | Yes | No |
|---------------------------------------|-----|----|
| Legally Compliant | | X |
| Sound | | X |
| Compliant with the Duty to Co-operate | | X |

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

Council is using a high unjustified level of population increase prediction.

No sound justification for releasing green belt land at this stage.

Seemingly no suitable solution to the additional traffic that will be caused and extra public services that will be needed. Current residents are surely going to suffer.

Overall- I do not want to live in a city. I live here for a reason and that reason is that within minutes I am in rural countryside. If I wanted to live on Manchester or Liverpool I would have bought a house there.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Do not release green belt land.

Revise your predictions for population growth to the official population increase predictions which require only 528 houses a year to be built.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination

Hi,

[REDACTED]
I have tried to reply to the consultation using the online form but its quite difficult to use that to express my thoughts and opposition to the plan.

In particular I oppose the plan to build on green belt land and the "garden suburb". The number of homes suggested will completely change the area and I fear the town will end up more like Manchester with many sprawling suburbs etc. I have chosen to live in Warrington instead of a city like Manchester for a reason and I fear your plan will change Warrington to feel more like a city then a town.

My husband and I currently enjoy being able to quickly reach countryside and fields either on foot or bike and I fear we will no longer be able to do this. I am currently pregnant and it is extremedy worrying to think about what the area will look like in the coming years as we bring up our child and I fear we will need to re locate away from the town to maintain rural surroundings.

Furthermore the roads in South Warrington will not be able to cope with an additional 5000 homes proposed in the garden suburb as the road cannot cope now!

Please accept this as my opposition to plan and in particular to build on green belt.

Many thanks

Lisa Simm
