Hi Ian,

Thank you for your email – to ensure that your suggestions get recorded can I please suggest that you include both of your points below in your response to the ongoing consultations on both the Local Plan and Local Transport Plan – your comments apply to both plans so please could you send them to both consultation addresses – LTP@warrington.gov.uk and localplan@warrington.gov.uk

Thanks

Steve

Subject: Revised LTP

Stephen- you may be able to help with two matters-

1. Tram Depot - we believe that it will be sensible to reserve land for a future Tram Depot- I am advised that the area needed is in the region of 5/10 acres. The preferred area will be close to the M6 at Junction 20 so that it will be close to the eastern part of the Phase one tram line through Lymm/Town Centre/Penketh or Great Sankey. Please identify a suitable piece of land and arrange for it to be reserved.
2. Park and Ride - at our recent meeting we also mentioned the North/South Route along the A49- at the southern end we have our eye on land just before the roundabout to junction 10 (travelling South) for park and ride. When I was at the stadium on Wednesday I was able to see the plan for the proposed housing for the Garden Suburb and found that site number A1 is allocated for housing but that is the park and ride area we would like to reserve although only half of A1 would be needed. As this is also a Local Plan matter will

we need to put representations on the Local Plan as well ?

Ian B-
