Main objections

1. Proposed logistics and distribution units near to the M6/M56 junction creating more air pollution and a very much increased build-up of lorries on an already overcrowded roundabout.
2. Too little thought to traffic in the whole area.
3. Increased pressure on High School and surrounding primary schools.
- 4.. Increased pressure on hospital and health and social care facilities.
5. Increase in houses disproportionate to the size of the town.
6. Destruction of the green belt at a time of climate crisis.
