Can just say it is totally irresponsible to build on green field sites when there are plenty of brown field sites in warrington to build on.

Furthermore you have neglected to cater in terms of infrastructure in Stockton Heath for over 20 years with a lack of libraries, doctors, hubs, sports facilities and roads to cope with the level of traffic going up and down the A49.

Your new proposals will just make a bad problem worse and obviously you are not working in the interests of the people of Warrington. Where is the overall developmental plan? This is such a disgrace it smacks of bribery and corruption otherwise why would you consider doing it without the infrastructure.

I would like to see all the payments made for this proposal and what your views are of sustainability and legacy for Warrington. Stop discriminating against the South of warrington.

Yours faithfully

Graham Benbow
