---

Good evening

I write with great fear that the rumours I am hearing are true... we live in [REDACTED]  
[REDACTED] We moved here over [REDACTED] years ago to start a family and make it our forever home. Having invested a small fortune in the property to get the location and build we wanted I cannot believe what I am hearing ... apparently a dual carriageway is proposed to literally pass by the back / side of our property ??? This CANNOT happen, the disruption during and most definitely after from traffic noise and pollution will be unsumountable to my family and our home!

Please please confirm that this IS NOT the case ?

A very concerned home owner.

Mrs Clare Payling
