Subject: re the proposed developments between Grappenhall and Appleton
Date: 02 June 2019 11:06:18

To whom it may concern:

I have extreme concerns around these developments for many reasons.

* infrastructure , schools, hospitals, roads are narrow, buses (not everyone drives), and bus routes, need I go on?

. why not build on brown field sites first before using any green belt land

.The number of houses makes Grappenhall a town no longer a village that it has since it has been since it was mentioned in the domesday book losing all it's history. The same with Appleton Thorn. No consideration has been given to the residents. Whilst I am not a nimby I do think your target is over the top and there are brown belt alternatives that should be examined first.

.Air pollution. please think of our environment and be sustainable and think of our children's futures

. Employment . Narrow lanes, I am concerned re the effect of vans and lorries ruining the roads, blocking the roads, and generally putting them into disrepair this is not the place for warehouses.

Yours faithfully
M.L.Hopwood (Mrs)
