Subject: Proposed Building of 75 plus houses.Deacons close Croft.
Date: 03 June 2019 10:02:00

Dear Sir or Madam, I wish to register my disapproval of the above.

Where do I begin.I have been lucky to have lived in this stunning village for over [REDACTED] years and now you propose to take more green belt to build on..This Developement of Deacons close has a real parking issue that the architect did,nt even think about.The narrow road leading to the equestrian centre is not capable of handling more traffic in and out on a daily basis .75 plus extra houses will create a lot more traffic.

Warrington town centre has been dying on it,s feet for years and yet the building of more shops along Winwick rd has taken a prime location that could have been ideal for more homes.It does,nt make sense. It,s too easy to snatch pieces of green belt.

This particular location is very close to a group of Buzzards that have been nesting near this location for years but I don,t suppose the Council will lose any sleep over that.

Please look at the Brown sites available.This village is big enough and could so easily be spoiled for ever.
