Can the area cope with the enormous numbers of new housing....I fear not. The loss of green belt is a loss of an amenity vital for the well being of all. Once it is lost it is gone forever.....we need to look to the future more.

The infrastructure in existence and which is planned for, will not cope with the additional traffic flow. It hardly copes now! Chaos already exists on the A49 and on many feeder routes and that is not only at times of peak traffic flow.
Will the bridges over the Manchester ship canal cope with additional traffic flow? Are the bridges coping now? No!

The overall character of the area will change markedly and not for the betterment of the residents.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination

You have just completed a Representation Form for Draft Local Plan (as a whole). What would you like to do now? Please select one option.
