I live at [REDACTED]

I would like to object about the plan to build housing on any green belt land.

I walk my grandchildren to Burtonwood C P School and the traffic is very dangerous and will only get worse if the plan to build on the green belt land goes ahead. My grand daughter suffers from [REDACTED] and the increase traffic will make her condition worse.

Why were we not told about this plan sooner as I have not had any notification of this plan.
