PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		
Sound		X
Compliant with the Duty to Co-operate		

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

The Local Plan is based on unrealistic growth predictions.
The number of houses is too high and the building rate is too high (too many houses built in the period to 2037).
There is no justification for building on green belt. There is adequate brown field land available or will become available in the next 20 years.
The local roads in particular the A50 and the A49 will not cope with the increased traffic.
There is inadequate provision for schools, and health centres.
New road crossings across the River Mersey/Manchester Ship Canal have not been costed or detailed in the Plan.
The local communities will be lost in the urban development.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Green belt must not be built on and the predicted number of houses must be reduced to realistic numbers.
A new crossing over the River Mersey/Manchester Ship Canal must be provided before any significant development is considered.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.
