## PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		
Sound		X
Compliant with the Duty to Co-operate		

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

Not in line with the current economic environment in that growth local to Lymm is unlikely to provide jobs capable of supporting the increased population meaning more commuters. This means more congestion, pollution and nowhere for the extra vehicles to park in the centre. The development at the Lymm Hotel site will already stress the infrastructure and there is nothing in the plan to address this change that should be taken into account.  
The proposed transport related employment will add more traffic to the very busy M56 / M6 junction with little benefit to the local area to compensate. Instead the whole proposal will just be more stress on all services in Lymm from the nurseries, schools, youth facilities, medical facilities, social care to the already inadequate public transport.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The housing increase should be scaled down and infrastructure needs addressed. The plan needs to build in a more iterative approach instead of a 20th century monolithic response to 21st century problems. 20 years is too long, for example we will be facing significant changes from climate change much sooner than anticipated just a few years ago yet the Local Plan is extending the dormitory role rather than looking at how Warrington could reduce its carbon footprint.  
Where is there provision for ensuring that levels of pollution are reduced? There needs to be a commitment to no increase in pollution by establishing a baseline measure that cannot be allowed to increase. What could be added to reduce commuter miles?

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination

You have just completed a Representation Form for Draft Local Plan (as a whole). What would you like to do now? Please select one option.
