Objective W1

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

**If a paragraph or policy sub-number then please use the box below to list:**  
The economic arguments for the number of new homes in Warrington and especially the garden village is too optimistic considering the impact of Brexit on economic growth for the UK economy over the next 5 to 10 years

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant	X	
Sound		X
Compliant with the Duty to Co-operate	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

I am unable to see the economic figures behind the plan it speaks in vague terms such a Nothern Powerhouse.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate. Please be as precise as possible.

The plan would not have been submitted if it did not comply with the law.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

There needs to be sound economic figures supporting the plan, preferably based on P10, P50 and P90 predictions for the economic forecasts to provide a range of options given the 20 year life of the plan. This is the normal means of planning such large projects in industry.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination

## PART B - Representation Form 2

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Objective W2

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant	X	
Sound		X
Compliant with the Duty to Co-operate	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

The plan for the garden village states that in exceptional circumstances that green belt can be taken out of the designation. I don't see how 5500 additional houses are exceptional given the extremely weak economic arguments put forward by the plan.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate. Please be as precise as possible.

The plan would not have been submitted in the first place if it was not legally compliant and in line with duty to cooperate.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Further more detailed economic arguments are required to support the proposal. Given the predicted contraction of the UK economy post Brexit and the 20 life of the plan, economic arguments giving P10, P50 and P90 economic predictions should be included so that it is a more realistic assessment of the possible economic growth or contraction of the economy over a 5 10 15 and 20 year life cycle.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.
