[REDACTED]	[REDACTED]
[REDACTED]	[REDACTED]

PART A - About You

1. Please complete the following: Please note the email address (if provided below) will be sent a full copy of the submitted response and a unique ID number for future reference (pdf attachment).

Name of person completing the form: Gilland Curley

Email address: [REDACTED]

2. What type of respondent are you? Please select all that apply.

A local resident who lives in Warrington

3. Please complete the following:

Contact details	
Organisation name (if applicable)	-
Agent name (if applicable)	-
Address 1	[REDACTED]
Address 2	[REDACTED]
Postcode	[REDACTED]
Telephone number	[REDACTED]

PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

Firstly the significant loss of green belt across the South of Warrington, the impact upon increased air pollution levels, the impact upon the character of the villages, the ecology of the area and the lack of appropriate infrastructure in place does not make the plan a sound and achievable plan. Warrington has been named as the most air polluted place in Britain, we are in the midst of a climate change crisis and government has a new agenda aimed at tackling this problem which leads me to believe that previous housing numbers and any plans prior to the current concerns are outdated and no longer feasible and should therefore be re-visited as a matter of urgency. A complete disregard of the potential impact upon the health and well-being of local residents anticipated due to the scale of the local plan is unacceptable and I would anticipate concerns raised from lawyers in years to come regarding the health of local residents in the future if the plans go ahead. I would also like other sites such as brownfield sites (eg. Fiddlers Ferry) and other sites round Warrington to be considered prior to this plan going ahead. The projected number of houses along side other applications such as Eddie Stobart and six56 is unacceptable and these plans need to be re-visited with more care taken in respect of joint up planning and thinking. I am also deeply concerned about the impact upon local public services. [REDACTED]. I would expect that a huge increase in the number of social workers, doctors, police and teachers would be required to enable public services to meet the amount of need and demands that the local plan would bring with it. Particularly in relation to children's services and elderly residents if 1 in 5 of the new houses will be for the elderly. That requires a lot of social care and resources that I do not feel the council is considering. Also no building or planning should go ahead until the infrastructure is improved and finalised as the current plan does not adequately address the details of this. Thank you.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate. Please be as precise as possible.

Please see above box. The plan is not considered to be sound and is out dated with new government agendas and legislation in relation to a crisis in climate change and a need to reduce carbon emissions. Warrington is the most air polluted place in Britain. Therefore, this plan needs to be re-visited urgently.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Re-visit numbers of houses required and the impact upon air pollution and local health and well-being of residents. Consider brown field sites such as Fiddlers Ferry and other locations away from current residents and villages.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination

You have just completed a Representation Form for Draft Local Plan (as a whole). What would you like to do now? Please select one option.

Complete the rest of the survey (Part C)
