	Yes	No
Legally Compliant		
Sound		X
Compliant with the Duty to Co-operate		

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

The Council was unable to provide answers about the links across the Manchester Ship Canal, that is linear infrastructure owned buy others and separating South Warrington with its centre. This question was asked by me as a Freedom of Information (FOI) Request in good time and specifically noted as needed to review the Local Plan. Please see the FOI Request, Acknowledgment and non-response recorded for public record on the WhatDoTheyKnow website (copy attached).

I must conclude, for reasons including but not limited to this inability to answer fundamental questions, that the Local Plan is not sound. The affects of the Local Plan on matters of: housing numbers and density; transport investment and reliability; the environment and impact on health and well-being; can not be judged sufficiently to conclude anything other than it is not sound and fails the duty to cooperate.

8. If you wish to upload documents to support your representation form then please select 'choose file' below. You can upload a max number of 2 files (up to 25MB each). If you are submitting more than one representation form please note: If this file upload supports more than one representation form then please do not attempt to upload the same file on subsequent forms. If the file upload is a different document for additional representation forms then please continue to upload the file as normal.

Please provide the numerical assumptions used in the Local Transport Plan for the maximum frequency and duration, by time of day and over the forecast years, for which the bridges across The Manchester Ship Canal are unavailable for the free passage of traffic.

Please also provide copies of the legal agreements between Warrington Borough Council and the relevant third parties, from which the numerical assumptions were taken; or otherwise describe on what else they rely for their confidence.

 Delivered

Dear Warrington Borough Council,

Please provide details of how Warrington Borough Council is safeguarding against risks in the local property market for its own investments and those of its citizens; including, but not limited to, the risk of any potential conflict if the Council were involved in both making land available for development and the lending to those involved in contracts on that same land via Council investments in financial institutions including Redwood Bank.

Please provide copies of those legal documents of Warrington Borough Council or others on which the safeguarding depends; or otherwise describe the measures on which managing these risks rely.

This information is required for due consideration of the Local Plan during the current consultation period.

Yours faithfully,

E. Cowie
