PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

Plan encourages urban sprawl in contradiction to green belt policy - 7400 houses in South Warrington will undoubtedly cause the destruction of village character and landscape.
additional traffic including 2,000 HGVs per hour from Langtree Six/56. The impact on south warrington will be an increase in air pollution which is already predominately caused by traffic. Warrington already has worst record in the country for dangerous small 2.5-micron particulate emissions. There's a proven link btw exposure to small particulates and premature death (respiratory, heart)
Violation of green belt land, there are no special circumstances to release Green belt and plenty of other sites that may be more costly to develop but should be considered first.

more roads are not the answer to addressing climate change. The local plan should consider the future impact of this. private car usage should not be encouraged beyond the already high levels.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The scale of development for south Warrington should be reviewed and decreased to protect the environment, landscape character and air quality.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
