PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

Both of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

I have Huge concerns regarding the local plan of south Warrington.

The plan has massively Underestimated the Health impact on the Warrington South community. In fact, I have looked into the detailed plans and have not seen my satisfaction the Health Impact Assessment (HIA) of these massive changes.

I would really want someone to submit the HIA to this plan so it can be put to close scrutiny especially the methodology behind it.

It is with regret that the plan does not recognise Health inequalities and does not even suggest how it has been considered.

I would be grateful if I get a response regarding how the plan is supposed to reduce health inequalities in our town.

These are the questions I need to be considered:

Why so much green belt is taken just from Warrington South?

I need a detailed HIA to be published and How it will help to reduce Health inequalities in our town without massively reducing the health of residents in Warrington South.

There has not been any scrutiny regarding the amount of traffic and its impact, not just on noise, pollution and its impact on our air quality and not even its impact on general traffic flow to the town.

This plan needs a rethink
My suggestions

Spread the number of houses around our town
Stop taking the Green belt. Warrington should be a leader in protecting its green belt for the sake of our health.

I would really be grateful for my points to be considered and I would appreciate a response. If required I am happy to be contacted accordingly.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Spread the number of houses around the town
A Health Impact Assessment has not been published
Stop taking the Green belt, there is plenty of brown belts
Health inequalities have not been assessed properly. You don't improve the health of other parts of a town by lowering the health of another part to even things out.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

Yes, I wish to participate at the oral examination (I understand details from Part A will be used for contact purposes)

You have just completed a Representation Form for Draft Local Plan (as a whole). What would you like to do now?
Please select one option.
