Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant	X	
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

I believe the large loss of Green belt land and the failure to ensure the provision of suitable infrastructure-roads in particular is a major concern and makes the plan unsound. Brownfield sites should be made a priority. The emphasis on new logistics business will also add to the poor air quality and increase congestion which already causes problems on a regular basis. I do not think the plan demonstrates the need to release Green belt land on the scale proposed or the benefits to the community.

In Lymm new housing next to Statham school on a narrow road with a 20mph speed limit and just off another very busy congested road-Rushgreen will add to the congestion and risks for residents.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate. Please be as precise as possible.

I only ticked this box as I assume the Council will have ensured the plan is legally compliant. It is impossible for ordinary members of the public to know the answer to this question.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The plan needs to be revised to take account of key issues such as transport infrastructure before housing, priority for brownfield sites, air pollution, environment. Green belt land needs to be afforded greater protection.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
