4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

I consider the proposed plan to be a negative influence on my local area. As a resident [REDACTED] we benefit from a beautiful view of green fields, wild life and peace and quiet. I do not wish to lose this. I think the volume of proposed housing in the plan to be excessive, do not feel the existing infrastructure will be able to cope with the extra traffic and will change the feel of the area I chose to move to. No matter how many new roads are built or new shops, new roundabouts, the general feel of this lovely area will change in a negative way. I think we should be preserving green belt land as a priority for future generations, I care deeply about the environment, the health and well being of residents of the area who benefit greatly from cleaner air, mental health benefits of living close to green areas where they can walk and enjoy the area. The existing roads are busy already and this plan would make the congestion we sometimes have intolerable. I want my grandchildren in years to come to be able to enjoy this lovely area, see wild flowers, old oak trees, see the rich mix of birds of prey, foxes and badgers we enjoy here. Building on this land will destroy this, the small park planned will not be good enough.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
