PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

The foundation and figures on which the Plan is based is incorrect, as such NO plan would be supportable on this fact alone. WBC should answer all challenges made against these figures and cease the progression of this plan until it has done so satisfactorily. WBC should also take into consideration the opinions and input of residents and not progress a plan which is clearly not supported.

Green belt should only be released after all brown belt land has been used to deliver the housing shortfall. Green belt should not feature in the plan unless brown belt land does not provide sufficient land to meet the Government's target, not the significantly higher target as set by WBC.

The infrastructure is not fit for purpose and places even more pressure on roads which cannot cope with current levels. There is an ongoing reliance on the bridges owned by Peel and this reliance needs to be removed, permanently.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Please refer to previous comment relating the the fact that the plan is not based on correct data.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.
