	Yes	No
Legally Compliant		
Sound		X
Compliant with the Duty to Co-operate		

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

The geographical constraints are a problem. The poor infrastructure of an area already under stress cannot cope with all the additional cars. It will be catastrophic. There are no clear routes proposed for new highways, motor way junctions or canal crossings which would be absolutely necessary with the south Warrington population increase. The area will come to a standstill. There will need to be new schools and medical centres but the Council cannot commit to these being provided. The distinctive village communities will be lost as one large urban mass of houses forms. It is unnecessary to release green belt to accommodate the predicted population increase. These are not exceptional circumstances.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
