have lived in the village for 25 years as a child and now an adult, i have seen the village change out of all recognition in that time from a quiet quaint place to live to a heavily over subscribed estate. I dont believe the plan has been positively prepared to meet assessed development needs. The village services and The infrastructure are all ready very stretched with the local school being over subscribed . The green belt should not be touched in this area any further and if it was the council tax should be lowered significantly as the band currently put on the residents would no longer be fit for purpose as we would be like any other area of the borough with no large areas of green belt . The village is already being used as a commuting "cut through" by hundreds of workers of near by business parks which causes heavy congestion on the village roads every day and makes it very unsafe for local children . I see no way any significant residential developments could be sustainable unless a huge investment was made into making the primary schools larger, putting in more roads in and out of the village or changing massively the road lay out so commuters cant use the village as a cut through. There are no shops or facilities in teh village either tp support any further large developments

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
