Dear sirs.

I would like to object in the strongest possible terms to the proposed development of the transpennine trail and surrounding green belt area through the historic villages of Grappenhall and Thelwall. This route is a vital link from west to east where walkers, cyclists, horse riders etc. can pursue their respective leisure activities in tranquillity and safety. There is a well proven benefit, both physically and mentally, linked to accessibility to green spaces and exercise. This is an environmental asset to south Warrington and it would be tragedy to lose it.

Yours faithfully
