TO Whom it concern

I object to the council destroying our village's by planning to build 15,000 house's on Green belt land. And the planned reuse of the Trans Pennine Trail. Lots of groups ues this ie Myself I walk my dog , Runners, Walker's,Cyclist, and it's part of The Community. The extra housing will mean more vehicles so increasing the Air pollution in Warrington and that is an Health risk our Hospital is already is over worked . There is lots of Brownfield land to use without destroying at least five Village's. And lots of reason not to use the TPT loss of someone home. The loss of wild life.

The Bridge's who's paying to make them SAFE I sure your five village residents WOULD not pay .

Thank you [REDACTED]
