Dear Sirs Due to the existing Traffic Chaos ,basically at all times of the day along the A 49 to the M56 and beyond ,in reverse anyone trying to get into Warrington by the same route faces the same problem ,there is no way any intelligent organisation should consider allowing any new development in this area .Apart from ruining the Green Belt ,and an attractive part of Cheshire ,there are no facilities available to cope with more than one new resident with one car ! The roads are invariably congested and have been for several years and having lived in this area for the last 50 years it is clear that the local Councils have had plenty of opportunities to rectify this ,and done nothing .Warrington Council do not even have enough money to fill in the Pot holes .how can they afford to sort out the roads ,particularly with the Rivers, Canals ,Motorways ,Toll Roads all contributing to the problem. The answer is they can't and therefore it is quite ridiculous to consider any Housing Development south of the Mersey . [REDACTED]
