

[REDACTED]

---

I would like to know what are the reasons behind the new development planned in Thelwall and Grappenhall.

Why destroy green belt that will be lost for ever ?

Why not re new brown belt areas, specifically Birchwood ?

Birchwood would benefit from a country park and new housing!

We need to save areas of green belt especially in such a overdeveloped town such as Warrington.

It does not make sense at all , one can only assume it it's a plan driven by political and financial issues and has nothing to do with the care of the residents!!!

Regards
