Hello

Having looked at the proposed revisions to the local plan, I find it sad and short sighted of the council to propose the areas in and around south Warrington that are going from being beautiful green belt to more houses, detracting from an area that people used to aspire to live. I object in its entirety for this proposal and hope common sense will prevail in an already unsatisfactory council and some very short sighted decisions that it likes to make.

The areas within the screenshot attached should not be built on but left. If for no other reason than the traffic road infrastructure in this area can not cope with what is proposed. Absolutely ridiculous plan

Yours very disappointed in WBC

Phil Stevenson
