28th March 2023

I would like to register my objections to the latest plans for the destruction of a vast amount of green belt in Warringtons development plans.

The loss of this green belt in south Warrington is completely disproportionate to loss of green belt in other areas of the borough.

Why is there so much more development planned for this small section and not more evenly spread out?

I would also like to object to ALL these areas being swamped by development, a complete devastation of this rural landscape.

I would like to propose if this amount of development is deemed necessary it would be fairer and have less of a devastating impact if it was more evenly distributed throughout the borough and not be an exercise in filling in spaces but spacing it so areas are not swamped and completely urbanised.

Janet Murray
