re building plans for burtonwood how do you plan to fit all these houses in burtonwood with the amenities we have!no docs we have to travel to earlstown IF we can A get through in 1st place B get an appointment and C ACTUALLY see a doc. The roads are falling to pieces we have ONE shop, the water pressure is so bad and keeps getting turned off because off leaks, the school is tiny. Wehave a pothole outside oure house like a crater which is throwing up chippings which could blind a child!since you put up 20 mile speed limits the idiot drivers see it as a challenge and go twice as fast we need speed bumps NOT more houses.WHY dont you fix what has fallen to pieces and grow food in the farmers fields
