26 April 2023

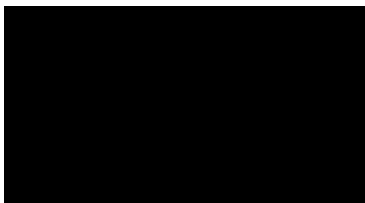

Dear Planning Policy and Programmes Team,

I write in relation to Warrington Borough Council's consultation on the Updated Proposed Submission Version Local Plan Main Modifications 2023 which runs until 26 April 2023.

I would like to confirm my full support for Main Modification MM 009 INF5 Part 5 "*Addition to list of examples within Part 5: **Emergency Services***" in order that the Plan can be found sound.

The modification is necessary to ensure the impacts of development growth in Warrington on police demand and resources over the plan period are identified and mitigated. Police resources and coverage to future development must be appropriately planned for and funded. With the support of the council, applicants and developers, the modification will assist in enabling the Constabulary to deliver an outstanding police service to both existing and future residents of Warrington.

Faithfully,

Mark Roberts
