Response to the Main Modifications of the Warrington Local Plan

The modifications made still do not address the concerns of the Save Warrington Group.

The housing targets remain unrealistic and unachievable and loss of green belt / green fields and natural habitat is unacceptable.

The over-inflated housing targets and mass developments, reflect the aspirations of a handful of councillors and officers and in no way reflect the aspirations of the people of Warrington and certainly do not address the needs of the local population. The proposed housing is unaffordable to local residents. The proposed employment opportunities do not reflect local needs.

The loss of greenbelt is unacceptable and unnecessary.

The plan does not take into account updated planning guidance.

The plan remains unacceptable, unachievable and unsustainable.

Yours faithfully,

J.Kueres
