reduction in housing numbers in planning period

### Is the main modification legally compliant?

Yes

### Is the main modification sound?

No

### Why do you consider it is not sound (max 2000 words)

Although the total numbers of houses is reduced from 11785 to 10564 in urban Warrington and inset villages during the period Croft is still allocated 75 houses on the proposed Heath croft site .I do not feel the two Croft primary schools will cope with increased numbers and the increased traffic on Heath Lane will have significant impact on road safety. Also the school will be surrounded by houses instead of horses grazing in fields. I still maintain that my site [REDACTED] that is much smaller and would be more appropriate with a maximum capacity of about 35 houses.
